

## **CANSKATE and PARENT & TOT**

### **ARRIVING & EXITING THE ARENA October 2020**

(Please note the procedure may change as we progress through the month – we will keep you updated)

- Complete Health Screening Questionnaire prior to arrival each night – (an online screening is in the works – will keep you posted)
- **ONE PARENT/GUARDIAN** per family is permitted entry – for parent & tot this will be the parent on the ice - no siblings or other family members will be granted access - this keeps the number of people in the facility under the allowable limit during each program as well as during crossovers between programs
- All skaters and parents **MUST** wear a face mask when entering the arena and please sanitize hands at the sanitizing station provided
- Enter the arena at the Tony Rose **FRONT LOBBY entrance**
- Arrive to the arena with your skater **fully dressed with skates and helmet** in small bag. There will be no access to dressing rooms at this time.
- All other personal belongings must be left in vehicle or at home. No large skate bags, hockey bags, backpacks, etc. will be allowed in the rink
- Arrive no more than 15 minutes before your scheduled ice time, skaters and parents put mask on and wait outside the door on the markers until a coach, board member or volunteer lets you into the arena
- Proceed to the check-in table for health screening – deliver completed Health Screening Questionnaire and pick up name tag (name tag will be taken home and must be worn each class for screening and attendance purposes) – both skaters and parents must complete Health Screening
- Proceed to designated waiting area – remove mask and put skates and helmet on skater – wait until instructed to enter the ice
- Maintain 2 metre/6 feet distance from coaches and other participants at all times
- End of class:
  - proceed to exit ice as directed
  - remove skates and helmet – put mask on
  - exit as directed
